INDEPENDENT AUDITOR'S REPORT

Honorable Board of County Commissioners
Lincoln County, Nevada
Pioche, Nevada

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Lincoln County, Nevada (the County), as of and for the year ended June 30, 2012, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the County, as of June 30, 2012, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Road Fund, Federal in Lieu Tax Fund, County Grant Fund, Nuclear Waste Fund, Lincoln County Water District Water Resources Fund, and Lincoln County Land Act Special Use Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated November 20, 2012 on my consideration of the County's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11, the schedule of funding progress on page 57, and the budgetary comparison information on pages 44 through 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statement, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements as a whole. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining and individual nonmajor fund financial statements and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. I also have previously audited, in accordance with auditing standards generally accepted in the United States, the County's basic financial statements for the year ended June 30, 2011, which are not presented with the accompanying financial statements. In my report dated December 6, 2011, I expressed unqualified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. In my opinion, the 2011 nonmajor combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2011, taken as a whole.

Lincoln County, Nevada
Management's Discussion and Analysis
June 30, 2012

The Management's Discussion and Analysis ("MD&A") introduces the financial reports for Lincoln County, Nevada. The MD&A is designed to give the reader an easy-to-understand overview of the County's financial position and results of operations for the year.

Financial Highlights

The County's primary revenue sources for governmental activities were ad valorem taxes of \$2,623,664, fuel tax of \$1,668,124, and consolidated taxes of \$1,294,388. These revenue sources comprised 12.29%, 7.81%, and 6.06% respectively, or 26.16%, of total governmental activities revenues. The County also received grant revenues in the amount of \$12,005,762.

The County's total expenses were \$18,418,748. The greatest expenses were in the General Government \$3,984,068, Intergovernmental 4,074,906, and Public Safety \$2,389,885 functions. Business-type activities contributed \$3,036,125 to total expenses.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements which are composed of government-wide financial statements, fund financial statements, and accompanying notes. This report also contains required supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

Lincoln County, Nevada
Management's Discussion and Analysis
June 30, 2012

Government-wide Financial Statements (Continued)

The government-wide financial statements report two types of activities: governmental activities and business-type activities. The government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, public works, judicial, health and sanitation, welfare, community support and culture and recreation. The business-type activities include operations of its detention center, utilities and building department operations.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Road Fund, Federal in Lieu Tax Fund, County Grant Fund, Nuclear Waste Fund, Lincoln County Water District Water Resources Fund, and Lincoln County Land Act Special Use Fund each of which is considered to be a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds are provided in the combining and individual fund statements and schedules.

Governmental Funds (Continued)

The County adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison statement is provided for each of the County's governmental funds to demonstrate compliance with the budget. The budgetary comparison statements for the major governmental funds are presented as required supplementary information; the budgetary comparison statements for all other governmental funds are included in the fund financial statements accompanying information.

Proprietary Funds

The County maintains one type of proprietary fund.

The Enterprise Fund is used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses the Enterprise Funds to account for its utility activities, building department activities, and operation of the detention center.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including a schedule of budgetary comparisons for both the original and final budgets of the General Fund and the various other County funds.

The combining statements and individual fund schedules are presented immediately following the required supplementary information.

Government-wide Financial Analysis

Net assets of the County as of June 30, 2012, are summarized and analyzed below:

	Net Assets					
	Governmental Activities		Business-type Activities		Total Primary Government	
	2012	2011	2012	2011	2012	2011
Assets:

Net capital assets	19,403,960	14,232,001	2,330,585	2,342,344	21,734,545	16,574,345
Total assets	<u>41,297,033</u>	<u>36,567,743</u>	<u>3,287,970</u>	<u>3,184,652</u>	<u>44,585,003</u>	<u>39,752,395</u>
Liabilities:						
Current liabilities	4,145,928	4,945,465	464,168	368,885	4,610,096	5,314,350
Long-term liabilities	465,456	490,430	367,131	436,348	832,587	926,778
Total liabilities	<u>4,611,384</u>	<u>5,435,895</u>	<u>831,299</u>	<u>805,233</u>	<u>5,442,683</u>	<u>6,241,128</u>
Net assets:						
Invested in capital assets, net of related debt	19,038,659	13,773,292	1,943,939	1,884,873	20,982,598	15,658,165
Restricted	5,112,844	6,093,149	26,333	25,215	5,139,177	6,118,364
Unrestricted	12,534,146	11,265,407	486,399	453,223	13,020,545	11,718,630
Total net assets	<u>\$ 36,685,649</u>	<u>\$ 31,131,848</u>	<u>\$ 2,456,671</u>	<u>\$ 2,363,311</u>	<u>\$ 39,142,320</u>	<u>\$ 33,495,159</u>

As noted earlier, net assets may serve over time as a useful indicator of the County's financial position. Assets exceeded liabilities by \$39,142,320 as of June 30, 2012, and by \$33,495,159 as of June 30, 2011, a net increase of \$5,647,161 or 16.86%.

A portion of the County's net assets, 53.61%, reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, etc.), net of any related debt outstanding used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the debt.

The County's restricted net assets of 13.13% represents resources that are subject to external restrictions on how they may be used, as listed on pages 14 and 15.

The remaining portion of the County's net assets, 33.26% are unrestricted and may be used to meet the County's ongoing obligations to citizens and creditors.

At June 30, 2012, the County had positive balances in all three categories of net assets, both for government as a whole, as well as for separate governmental and business-type activities.

Program revenues include charges for services, fines and forfeitures, certain licenses and permits, and both operating and capital grants and contributions. General revenues consist of taxes and interest.

For governmental activities, the largest of these revenues, ad valorem taxes, increased by \$209,644, or 8.68%. This increase was due to an increase in construction in progress taxes received. The next largest revenue, fuel taxes, increased by 2.21%, due to increased economic activity in the local economy during the fiscal year 2012. The largest business-type activities revenue came from charges for services related to the utility, detention center, and building department. They decreased \$91,827 or 3.21% due to a decrease in inmate fees.

Financial Analysis of the County's Funds

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements.

As of the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$17,978,027, an increase of \$366,559, or 2.08%, from the prior year primarily due to increased revenues. Fund balance components have been classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed on the use of the resources of fund. Restricted fund balance is \$5,112,844 or 28.44% of total. Spending of these resources is constrained by externally imposed (statutory, bond covenant, or grantors) limitations on their use. The largest restricted fund balances include \$852,765 for Multi-species conservation, \$1,306,918 for capital projects, and \$1,496,350 for public works.

Committed and assigned fund balances combined to represent 67.33% of total fund balance with spending constrained by either the Board of County Commissioners (for committed) or senior management (for assigned). Committed balances in the special revenue funds are primarily due revenues directed by the Commission to those funds to support programs. Unassigned fund balance represents the General Fund remaining fund balance and is available to support general operations of the fund.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$704,888.

Key factors in the change in fund balance in the General Fund as reported for budget purposes are as follows:

Revenues increased by \$107,622, or 2.69%. Taxes increased by \$160,979, or 9.39%. Charges for services increased \$55,826 or 17.51% due to increased tax penalties revenues and recorder fees. Intergovernmental revenues decreased \$94,875 or 6.14% due to a reduction in sales tax collections within the County.

Expenditures decreased by \$170,152, or 4.16%. General government expenditures decreased by \$175,393 or 10.79% due to a decrease in salaries and benefits and the communication and biomass expenditures.

Enterprise Funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the enterprise funds totaled \$486,399, an increase of \$33,176, or 7.32%. Total net assets for these funds increased by \$93,360, or 3.95%, from the prior year.

Budgetary Highlights

The General Fund's legal level of budgetary control is the function level. The final budget for expenditure appropriation was \$4,217,793, an increase of \$188,416 from the original budget. Actual expenditures were \$293,892, or 6.97% less than the final budget, primarily due to the County's cost containment efforts.

Revenue of the General Fund exceeded the final budget by \$247,469, or 6.40% primarily due to an increase in property taxes and tax penalty costs.

TO THE STATEMENT OF NET ASSETS
June 30, 2012

Total fund balance - governmental funds	\$ 17,978,027
Amounts reported for governmental activities in the Statement of Net Assets are different because:	
Capital assets, net of the related depreciation are not reported in the Governmental Funds financial statements because they are not current financial resources, but they are reported in the Statement of Net Assets.	19,403,960
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds.	75,857
Certain liabilities (such as bonds payable and capital leases payable) are not reported in the Governmental Funds financial statements because they are not due and payable, but they are presented as liabilities in the statement of net assets.	<u>(772,195)</u>

LINCOLN COUNTY, NEVADA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2012

Net Change in Fund Balance - Governmental Funds **\$ 366,559**

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the Statement of Net Assets and allocated over the estimated useful lives as annual depreciation expenses in the Statement of Activities. 5,171,959

Property taxes that are collected in the time to pay obligations of the current period are reported as revenue in the fund statements. However, amounts that related to prior periods that first become available in the current period should not be reported as revenue in the Statement of Activities. (8,490)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and other similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. 94,390

Generally, expenditures recognized in fund financial statements are limited to only those that use current financial resources, but expenses are recognized in the Statement of Activities when incurred. (70,617)

Change in net assets of governmental activities **\$ 5,553,801**

LINCOLN COUNTY, NEVADA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989, (when applicable) that do not conflict with or contradict GASB pronouncements. Although the County has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the County has chosen not to do so. The more significant accounting policies established in GAAP and used by the County are discussed below.

1. Reporting Entity

Lincoln County, Nevada, is governed by an elected five member board. As required by generally accepted accounting principles, these financial statements present Lincoln County, Nevada (the primary government), and its component units. Blended component units, although legally separate entities are, in substance, part of the County's operations.

2. Blended Component Unit

The Lincoln County Water District serves all the citizens of the County and is governed by a board comprised of the County's elected board. The District activity is reported as five special revenue funds and one capital projects fund.

3. Basic Financial Statements

The County's basic financial statements consist of government-wide statements and the fund financial statements. The government-wide statements include a Statement of Net Assets and a Statement of Activities, and the fund financial statements include financial information for the three fund types: governmental, proprietary and fiduciary. Reconciliations between the fund statements, the Statement of Net Assets, and the Statement of Activities are also included along with Statements of Revenues, Expenditures and Changes in Fund Balances for the County's General Fund and its other major funds.

4. Government-wide Financial Statements

The government-wide financial statements are made up of the Statement of Net Assets and the Statement of Activities. These statements include the aggregated financial information of the County as a whole, except for fiduciary activity. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Net Assets presents the consolidated financial position of the County at year-end, in separate columns, for both governmental and business-type activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or programs are offset by program revenues. Direct expenses are those that are specifically associated with a program or service and are, therefore, clearly identifiable to a particular function. Program revenues include operating grants and contributions and investment earnings legally restricted to support a specific program. Taxes and other revenues properly not included among program revenues are reported instead as general revenues. This statement provides a net cost or net revenue of specific programs and functions within the County. Those functions with a net cost are generally dependent on general-purpose tax revenues, such as property tax, to remain operational.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Fund Financial Statements

The financial accounts of the County are organized on the basis of funds each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts comprised of assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The presentation emphasis in the fund financial statements is on major funds for governmental funds. Major individual governmental funds are required to be reported in separate columns on the fund financial statements. Major funds are determined based on minimum criteria set forth in GASB Statement Number 34. The County may also display other funds as major funds if it believes the presentation will provide useful information to the users of the financial statements.

6. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Gross receipts and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are then recognized as revenue. The government considers revenues to be "available" if they are collected within 60 days of the end of the current fiscal period. Anticipated refunds of taxes are recorded as liabilities and reductions of revenue when they are measurable and the payment seems certain. In general, expenditures are recorded when liabilities are incurred. The exception to this rule is that principal and interest on debt service, as well as liabilities related to compensated absences and claims and judgments, are recorded when payment is due.

The major revenue sources of the County include consolidated taxes (including sales tax), fuel taxes, intergovernmental revenue from the Bureau of Land Management, and property taxes.

6. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

The County reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all resources and costs of operations traditionally associated with governments, which are not required to be accounted for in other funds.

Road Fund - The Road Fund is used to account for gas tax revenues allocated for the construction, repair and maintenance of County roads.

Federal in Lieu Tax Fund - The Federal in Lieu Tax Fund is used to account for taxes received in lieu of property taxes from the Federal Government for property owned by the Federal Government located in the County.

County Grant Fund - The County Grant Fund is used to account for monies received to be spent on a specified purpose.

Nuclear Waste Fund - The Nuclear Waste Fund is used to account for grant monies received.

Lincoln County Water District Water Resources Fund - The Lincoln County Water District Water Resources Fund is used to account for general activities of the District, a blended component unit of the government.

Lincoln County Land Act Special Use Fund - The Lincoln County Land Act Special Use Fund is used to account for land sale monies to be spent per ordinances.

Additionally, the County reports the following fund types:

Enterprise Fund -

Detention Center Fund - The Detention Center fund is used to account for revenues and expenses of the Lincoln County Detention Center. The Detention Center fund is reported as a major fund.

Pioche Public Water Utility Fund - The Pioche Public Water Utility Fund accounts for delivery of water services to Pioche Town.

Pioche Public Sewer Utility Fund - The Pioche Public Sewer Utility Fund accounts for delivery of sewer services to Pioche Town.

Pioche Public Electricity Utility Fund - The Pioche Public Electricity Utility Fund accounts for delivery of electricity services to Pioche Town.

Building Fund - The Building Department fund is used to account for revenues and expenses of building inspection services provided for the residents of the County.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow this subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Pioche Public Utility funds are customer charges. Operating revenues for the Building fund come from charges for services for building inspections and permits. The Detention Center receives revenue for housing prisoners of other governments. Expenses are those required to provide the service. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The county also reports the following Fiduciary Fund type:

Agency Fund - The Agency Fund is used to account for assets held by the County in an agency capacity for others and cannot be used to support the government's own programs.

7. Assets, Liabilities, and Equity

a. Pooled Cash and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

Cash includes cash deposited in interest-bearing accounts at banks and cash in the custody of fiscal agents of the County.

Investments are stated at fair value on the Balance Sheet. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale. Changes in the fair value of County investments are part of investment income which is included in revenue from local sources on the Statement of Activities and the Statement of Revenues, Expenditures, and Changes in Fund Balances of governmental funds. 7. Assets, Liabilities, and Equity (Continued)

a. Pooled Cash and Investments (Continued)

Nevada Revised Statutes authorize the County to invest in:

1. Obligations of the U.S. Treasury and U.S. Agencies in which the maturity dates do not exceed more than 10 years from the date of purchase.
2. Negotiable certificates of deposit issued by commercial banks or insured savings and loan associations (those over \$250,000 must be fully collateralized).
3. Negotiable notes or short-term negotiable bonds issued by local governments within Nevada.
4. Eligible bankers' acceptances that do not exceed 270 days maturity and do not exceed 20 percent of the portfolio.
5. Commercial paper with a rating of A-1 or P-1 that does not exceed 240 days maturity and does not exceed 20 percent of the portfolio.
6. The State of Nevada's Local Government Investment Pool.
7. Repurchase agreements that are collateralized at 102 percent of the repurchase price and do not exceed 90 days maturity. Securities used for collateral must meet the criteria listed above.
8. Money market mutual funds which are rated as "AAA" or its equivalent and invest only in securities issued by the Federal Government, U.S. Agencies, or repurchase agreements fully collateralized by such securities.

b. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or advances to/from other funds (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Taxes on real property are levied on July 1st of each year and are due on the third Monday in July. They can be paid in quarterly installments in August, October, January and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties, and costs, together with interest at a rate of 10 percent per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien.

Article X, Section 2 of the Constitution of the State of Nevada limits the total taxes levied by all overlapping governmental units within the boundaries of any County (i.e., the County, the County School District, the State and any other City, Town, or Special District) to an amount not to exceed \$5 per \$100 of assessed valuation of the property being taxed.

The Nevada Legislature enacted provisions whereby the combined overlapping tax rate was limited to \$3.64 per \$100 of assessed valuation (See Note D2).

c. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

d. Restricted Assets

Certain cash assets of the Enterprise Funds are from revenue for specific use by the Enterprise Funds and are classified as restricted assets because their use is restricted by agreement. (See Note D7)

e. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$500 and an estimated useful life in excess of one year. If purchased or constructed, capital assets are recorded at historical cost or estimated historical cost and updated for additions and retirements during the year. Donated capital assets are valued at their estimated value as of the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

<u>Capital Assets</u>	<u>Years</u>
Vehicles	10
Equipment	5-20
Buildings and Improvements	20-50
Infrastructure	25-50

GASB No. 34 requires the County to report and depreciate new infrastructure assets. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. Neither their historical cost nor related depreciation has historically been reported in the financial statements. The retroactive reporting of infrastructure is subject to an extended implementation period and is first effective for fiscal years ending in 2008. The County is required to capitalize and report its major general infrastructure assets acquired in fiscal years ending after June 30, 1980. In addition, infrastructure assets acquired before June 30, 1980, that received significant reconstruction must be capitalized. Lincoln County has no infrastructure assets that were acquired or reconstructed that must be capitalized.

f. Compensated Absences

Vested or accumulated vacation and sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide financial statements. No expenditure is reported for these amounts in the fund financial statements. (See Note D8) Vacation leave and sick leave included in accrued liabilities and recorded as expenditures in governmental fund types is the amount normally liquidated from "available spendable resources."

In proprietary funds, compensated absences are recorded when the liabilities are incurred. In governmental funds, the current portion is recorded as a payroll expenditure. The estimated long-term liability for compensated absences is accounted for in the government-wide financial statements.

g. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. Deferred losses related to the refunding of debt are reported as a deferred charge component of bonds payable and are amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

h. Governmental Fund Balances:

In the governmental fund financial statements, fund balances are classified as follows:

- (i) **Nonspendable** – Amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- (ii) **Restricted** – Amounts that can be spent only for a specific purpose because of the state or federal laws, or externally imposed conditions by grantors or creditors.
- (iii) **Committed** – Amounts that can be used only for specific purposes determined by a formal action of the board by County ordinance or resolution.
- (iv) **Assigned** – Amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed.
- (v) **Unassigned** – All amounts not included in other spendable classifications.

i. Net Assets

In the government-wide statements, net assets on the Statement of Net Assets includes the following:

(i) **Invested in Capital Assets, net of Related Debt**

This is the component of net assets that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributable to the acquisition, construction or improvement of those assets.

(ii) **Restricted Assets**

This is the component of net assets that reports the constraints placed on the use of assets by either external parties and/or enabling legislation. Designations of fund balance represent tentative management plans that are subject to change.

(iii) **Unrestricted**

This is the component of net assets that is the difference between the assets and liabilities not reported in Invested in Capital Assets, Net of Related Debt and Restricted Assets.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, and Equity (Continued)

j. Use of Restricted Resources

When an expense is incurred that can be paid using either restricted or unrestricted resources (net assets), the County's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the County's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classifications – committed and then assigned fund balances before using unassigned fund balances.

k. Comparative Data/Reclassifications

Comparative total data for the prior year has been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the County's financial position and operations. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

l. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

B. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of certain differences between the governmental funds Balance Sheet and the government-wide Statement of Net Assets

The governmental funds Balance Sheet includes a reconciliation between fund balances - total governmental funds and net assets - governmental activities as reported in the government-wide Statement of Net Assets. One element of the reconciliation explains that "certain liabilities (such as bonds payable and capital leases payable) are not reported in the governmental funds financial statements because they are not due and payable." The details of this difference are as follows:

Interest payable	\$ 4,130
Capital lease payable	32,824
Notes payable	328,347
OPEB obligation payable	43,580
Compensated absences	<u>363,314</u>
Net adjustment to reduce fund balance - total governmental funds to arrive at net assets - governmental activities	<u>\$ 772,195</u>

LINCOLN COUNTY, NEVADA

 JUNE 30, 2012

B. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

2. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net assets of governmental activities as reported in the government-wide Statement of Activities. One element of that reconciliation explains that, "Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the Statement of Net Assets and allocated over the estimated useful lives as annual depreciation expense in the Statement of Activities." The details of this difference are as follows:

Capital outlay	\$ 6,344,698
Disposal of fixed assets	(215,146)
Depreciation expense	<u>(957,593)</u>
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 5,171,959</u>

Another element of that reconciliation states that, "The issuance of long-term debt (i.e., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities." The details of this difference are as follows:

General obligation debt principal payments	\$ <u>94,390</u>
Net adjustment to increase net change in fund balances -- governmental funds to arrive at change in net assets of governmental activities	<u>\$ 94,390</u>

Another element of that reconciliation states that "Generally, expenditures recognized in the fund financial statements are limited to only those that use current financial resources, but expenses are recognized in the Statement of Activities when incurred." The details of this difference are as follows:

Accrued interest	\$ (982)
OPEB obligation payable	(23,507)
Compensated absences	<u>(46,128)</u>
Net adjustment to increase net change in fund balances -- governmental funds to arrive at change in net assets of governmental activities	<u>\$ (70,617)</u>

C. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year-end.

The County uses the following procedures to establish, modify, and control the budgetary data presented in the financial statements:

- a. Prior to April 15, the County submits to the Nevada State Department of Taxation the tentative budget for the next fiscal year commencing on July 1. The budget, as submitted, contains the proposed expenditures and means of financing them.
- b. The Nevada State Department of Taxation notifies the County of its acceptance of the budget.
- c. Public hearings are conducted on the third Monday in May.

**LINCOLN COUNTY, NEVADA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012**

C. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

1. Budgetary Information (Continued)

- d. After all changes have been noted and hearings closed, the County Commissioners adopt the budget on or before June 1.
- e. Whenever such an action does not increase the total appropriation for any fiscal year and is not in conflict with other statutory provisions, the financial officer may transfer appropriations within any function or program or between functions or programs within a fund, if:
 - 1. The governing body is advised of the action at the next regular meeting; and
 - 2. The action is recorded in the official minutes of the meeting.
- f. Increases to a fund's budget (augmentation) other than by transfer are accomplished through formal Commission action. The following funds were augmented during the year: General, China Springs, Federal in Lieu Tax, Senior Nutrition, Administrative Assessments, Lincoln County Water Special Projects, Detention Center, Alamo Town, Panaca Town, Pioche Town, Nuclear Waste, County Grant, Resource Development Authority, and Forfeiture.
- g. Statutory regulations require budget control to be exercised at the function level within the General Fund or at the fund level for all other funds.
- h. Fund appropriations lapse at year end. Encumbrances are re-appropriated in the ensuing fiscal year.

2. Compliance and Accountability

Per NRS 354.626, the County is required to report expenditures that exceeded budgeted appropriations at the function level for the General Fund and at the fund level for the Special Revenue Funds, and Capital Project Funds. As of June 30, 2012, the County had the following expenditures over appropriations:

Solid Waste Special Revenue Fund	\$ 31,282
Alamo Town Special Revenue Fund - General Government	\$ 1,778
Alamo Town Special Revenue Fund - Highways and Streets	\$ 81
Alamo Clinic Special Revenue Fund	\$ 7,112
Flood Control Special Revenue Fund	\$ 125
Airport Special Revenue Fund	\$ 1,692
Pioche Public Utility Water Enterprise Fund	\$ 2,602

D. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

1. Pooled Cash and Investments

At year-end, the County's carrying amount of deposits was \$5,623,221 and the bank balance was \$6,072,267. Of the bank balance, \$500,000 was covered by federal depository insurance. Of the remaining balance, \$5,572,267 was collateralized with securities held by the Nevada Pooled Collateral Program.

The Lincoln County Treasurer administers an investment pool in accordance with Nevada Revised Statutes Chapter 354.168. At June 30, 2012, this pool is displayed by fund type on the combined Balance Sheets as "Pooled cash and investments." The pool is available for use by all funds of the County. Any local government within Lincoln County whose money is held under the custody of the County Treasurer may invest its money with the investment pool. The County Treasurer may invest the money of the investment pool in investments which have been authorized as investments by Nevada Revised Statutes. (See Note A7a)

Interest is apportioned to the funds within the pool monthly based on the average balance invested for the month.

The fair value of the County's investments was determined by market quotes as of June 30, 2012.

Investments are categorized into these three categories of credit risk:

- i. Insured or registered, with securities held by the County or its agent in the County's name.
- ii. Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the County's name.
- iii. Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the County's name.

Carrying amount of deposits	5,623,221
Investments	<u>16,692,066</u>
Total	<u>\$22,588,922</u>

The County's investments for the year were with Mellon and Bank of America. Governmental Accounting Standards requires fair value reporting of all investments. The fair value of the County's investments was determined by market quotes as of June 30, 2012.

Cash and investment are subject to the following risks:

Interest Rate Risk: Interest rate risk is the risk of possible reduction in the value of a security, especially a bond, resulting from the rise in interest rates. To limit exposure to interest rate risk, the Nevada Revised Statutes limits bankers' acceptances to 180 days of maturities, repurchase agreements to 90 days, U.S. Treasuries and Agencies to less than 10 years, and commercial paper to 270 days maturity.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation and is a function of the credit quality ratings of its investments. In accordance with the Nevada Revised Statutes, the City limits its investments instruments by their credit risk. The State of Nevada Local Government Investment Pool is an unrated external investment pool.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank or brokerage failure, the City's deposits may not be returned. The City's bank deposits are generally covered by FDIC insurance and are collateralized by the Office of the State Treasurer/Nevada Collateral Pool.

2. Receivables

BUSINESS-TYPE ACTIVITIES

Revenue Bonds. The County issues bonds where the County pledges income derived from the acquired or constructed assets to pay debt service. Revenue bonds outstanding at June 30, 2012, are as follows:

\$350,000, 1980 Pioche Town Water bond due in monthly installments of \$1,728, including interest at 5%, through 2020. The Water bond is payable to the Farmers Home Administration. The bond agreement requires the County to establish and maintain reserves sufficient to insure that loan installments will be paid on time and to pay for emergency maintenance of the facilities. The required reserve as of June 30, 2012, is \$20,748. The balance in the reserve account was \$20,748 as of June 30, 2012. The outstanding balance of bonds at June 30, 2012, was \$127,499.

Annual debt service requirements to maturity for the Revenue Bonds are as follows:

\$210,000, 2007 Pioche Town Sewer bond is payable to the U.S. Department of Agriculture-Rural Development. The bond is payable in semi-annual payments of \$5,583.90 including interest. The interest rate is 4.375%. The bond agreement requires the County to establish and fund monthly a debt service reserve fund equal to 10% of the semi-annual payment each month over the life of the loan until they accumulate one annual installment. This reserve fund can be used for emergency maintenance and repairs, and debt repayment should the need arise. The required reserve as of June 30, 2012, is \$5,585. The balance in the reserve account was \$5,585 as of June 30, 2012. The outstanding balance of bonds payable at June 30, 2012, was \$200,247.

E. OTHER INFORMATION

1. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County joined together with other local governments in the Nevada Public Agency Insurance Pool (NPAIP), a public entity risk pool currently operating as a common risk management and insurance program for member local governments. The County pays an annual premium to NPAIP for its property, casualty, crimes, and machinery insurance coverage. NPAIP is self-sustaining through member premiums and reinsures through commercial companies for claims in excess of \$200,000 property and crime; casualty \$500,000 each and every insured event. As a participatory member, the maintenance deductible is \$2,000 for each insured event.

The County participates in the Public Agency Compensation Trust (PACT). Premiums paid to PACT cover workers' compensation claims against the County. Premiums are based on a percentage of wages paid.

The County is self-insured for unemployment claims. Payments are made from the general fund to cover claims.

The County carries commercial insurance for all other risks of loss including employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

2. Contingent Liabilities

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by those agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

2. Contingent Liabilities (Continued)

Litigation

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the County's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the County.

3. Pension Plan

Plan Description. The County contributes to the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing multiple-employer, defined benefit plan administered by the Public Employees Retirement System of the State of Nevada. PERS provides retirement benefits, disability benefits, and death benefits, including annual cost of living adjustments, to plan members and their beneficiaries. NRS Chapter 286 establishes the benefit provisions provided to the participants of PERS. These benefit provisions may only be amended through legislation. The Public Employees Retirement System of the State of Nevada issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, NV 89703-1599 or by calling (775) 687-4200.

Funding Policy. Contribution rates are established by NRS 286.410. The County's contributions are based on the actuarially determined statutory rate. Contributions to the plan are made by the County and some employees who are so elected. Certain employees who were not vested (10 years of service) in 1985 made a decision to pay one half of their retirement contribution. The County's contribution rates and amounts contributed, which equaled required contributions, for the last three years are as follows:

Fiscal Year	Contribution Rate			
	Employer/ Employee Paid	Regular Members	Police and Firemen	Total Contribution
2011-2012	12.25%	23.75%	39.75%	\$1,193,674
2010-2011	11.25%	21.50%	37.00%	1,079,285
2009-2010	11.25%	21.50%	37.00%	1,062,857

4. Water Sales

The Water District has entered into a water delivery teaming agreement. The purpose of the agreement is to develop a water infrastructure and provide wholesale water to adjoining water districts and/or developers who require water. Investment to develop the water sources are funded by the partner. The Water District is not required to provide funding. Should projects fail, the Water District has no liability for costs incurred by the partner. If the projects are completed and revenues are generated from the sale of water, revenues collected will be applied to the investment of the partner until paid in full for the successful projects. After payment of project expenditures, the Water District will be entitled to 50 percent of remaining monies. Should the Water District withdraw from the agreement, the Water District will be required to reimburse the partner's investment costs. Revenues, if any, from water sales are recorded in the Lincoln County Water District funds.

5. Post-Employment Healthcare Plan

Plan Description The County subsidizes eligible retirees' contributions to the Public Employees' Benefits Plan (PEBP), an agent multiple-employer defined benefit post-employment healthcare plan administered by the State of Nevada. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP nine-member board of trustees. County employees who meet the eligibility requirement for retirement within the Nevada Public Employee Retirement System have the option upon retirement to enroll in coverage under the PEBP and the subsidy provided by the County is determined by their number of years of service. Changes in state law have significantly impacted retirees' eligibility to enroll in PEBP. As of September 1, 2008, the plan will no longer be available to those actively employed past that date. The County will no longer contribute funds for post-employment health insurance costs of County employees who are presently employed by the County. The PEBP issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employee's Benefits Program, 901 S. Stewart Street, Suite 1001, Carson City, NV, 89701, by calling (775) 684-7000, or by accessing the website at www.pebp.state.nv.us/informed/financial.htm.

Funding Policy NRS 287.046 establishes the subsidies to be contributed toward the premium costs of the eligible retired County employees. Plan members receiving benefits have their monthly contributions deducted from their pension checks based on the health plan chosen by the retiree as reduced by the amount of the subsidy. Retirees qualify for a subsidy of \$86.08 at five years of service to \$473.41 at 20 years of service with incremental increases for each year of service between. The contribution requirements of plan members and the County are established and amended by the PEBP board of trustees. As a participating employer, the County is billed for the subsidy on a monthly basis and is legally required under NRS 287.023 to provide for it. For fiscal year 2012, the County contributed \$87,769 to the plan for current premiums. The County did not prefund any future benefits.

Annual OPEB Cost and Net OPEB Obligation The County's annual other post-employment benefit (OPEB) cost (expense) for the plan is calculated based on the annual required contribution of the employer (ARC). The County has elected to calculate the ARC and related information using the alternative measurement method permitted by GASB statement 45 for employers in plans of fewer than one hundred total plan members. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded liabilities (or funding excess) over a period not to exceed thirty years.

During fiscal year 2011 the PEBP announced significant plan design changes for retirees participating in their program. As a result of these changes, a new valuation was completed and as of July 1, 2011, pre-Medicare retirees now participate in a High Deductible Health Care Program (HDHP) in which PEBP provides \$700 to a Health Reimbursement Account (HRA) per year for the retiree and \$200 for a spouse.

All Medicare eligible retirees will participate in a Medicare Exchange with PEBP providing a service related contribution to a HRA equal to \$10 per month per year of service (maximum \$200 per month). As a result of this change, the Unfunded Actuarial Accrued Liability (UAAL) decreased by about 57% or \$1,472,445.

In fiscal year 2012, the County's annual OPEB cost (expense) was \$111,276 for the PEBP. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2012, are as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>% of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
6/30/2012	\$ 111,276	79%	\$43,580
6/30/2011	107,256	99%	20,073

Net OPEB obligation - end of year	<u>\$ 43,580</u>	<u>\$ 20,073</u>	<u>\$ 18,001</u>

Funded Status and Funding Progress As of June, 30, 2012, the actuarial accrued liability (AAL) for benefits was \$1,101,698, and having not funded the obligation, the County has no associated assets to offset this liability. Because of this, the unfunded actuarial accrued liability (UAAL) is equal to the AAL. PEBP is closed to new County participants as of November 1, 2008; therefore, covered payroll is zero.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Methods and Assumptions Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made:

Retirement age for active employees-Retirement age was not considered, as the City has terminated the benefit for future retirees.

Mortality- Life expectancies were based on mortality tables from the Period Life Table published by the Social Security Administration.

Turnover-The turnover of active employees was not addressed due to the City's policy change, eliminating the benefit for future retirees.

Healthcare cost trend rate- The expected rate of increase in healthcare insurance premiums as based on an initial rate of 8%, reduced to an ultimate rate of 5% after seven years.

Health insurance premiums-The insurance premiums for retirees were used as the basis for calculation of the present value of total benefits to be paid.

Based on the historical and expected returns, a discount rate of 4 percent was used.

Because of changes to state law, as of September 1, 2008, the plan was no longer available to those actively employed past that date. As a result, the County expects the liability to begin to decrease and eventually disappear over the life of the amortization period. The unfunded actuarial accrued liability is being amortized over 30 years. The remaining amortization period at June 30, 2012, was twenty-seven years.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2012

Note 1 – Explanation of Differences between General Fund (Budgetary Basis) and General Fund (GAAP Basis)

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external financial reporting purposes.

With the implementation of GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the budgetary basis of accounting for the General Fund differs from generally accepted accounting principles (GAAP).

Guidance in GASB Statement 54 changed the definition of Special Revenue Funds for financial reporting purposes. Pursuant to statute, budget comparisons are required using the budget adopted. Six internally reported special revenue funds of the County (Stabilization, Planning, Rachel Jones Memorial Cemetery, Thompson Opera House, Flood Control and Property Management) are combined with the General Fund for external reporting purposes to conform to generally accepted accounting principles.

LINCOLN COUNTY, NEVADA
NOTES TO SCHEDULE OF EXPENDITURE OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Lincoln County, Nevada for the year ending June 30, 2012. The information in the schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented on, or used in, the preparation of the basic financial statements. Because the Schedule presents only a selected portion of the operations of Lincoln County, Nevada, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Lincoln County, Nevada.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (A) Expenditures reported on the Schedule are reported on the modified accrual basis of accounting.
- (B) Pass-through entity identifying numbers are presented where available.

NOTE 3 - FOOD DISTRIBUTION

Non-monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. At June 30, 2012 the County had food commodities totaling \$0.00 in inventory.

NOTE 4 - U.S. DEPARTMENT OF AGRICULTURE

The County issued a single registered Water Revenue bond purchased by the U.S. Department of Agriculture (CFDA 10.760). The following is a summary of activity for the year:

LINCOLN COUNTY, NEVADA
SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
YEAR ENDED JUNE 30, 2012

FINANCIAL STATEMENT FINDINGS

2011-01 Lack of ability to independently prepare financial statements and related footnote disclosures

Condition: As is common for small companies across the country, the County does not possess the ability to independently prepare financial statements and related footnote disclosures in accordance with generally accepted accounting principles (GAAP).

Recommendation: It was suggested that the County arrange for sufficient training of accounting personnel in order to provide them with the expertise necessary to prepare financial statements and related footnote disclosures in accordance with generally accepted accounting principles.

Current Status: The County believes that the benefit would be outweighed by the cost of training their accounting personnel to prepare financial statements and related footnote disclosures in accordance with generally accepted accounting principles. They have requested that the auditors assist in drafting the financial statements and related footnote disclosure during the course of the audit. They have reviewed, approved and accepted responsibility for those financial statements prior to their issuance.

FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARDS PROGRAMS

There were no findings for federal award programs.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Board of County Commissioners
Lincoln County, Nevada
Pioche, Nevada

I have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lincoln County, Nevada (the County) as of and for the year ended June 30, 2012, which collectively comprise the County's basic financial statements and have issued my report thereon dated November 20, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing my audit, I considered the County's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the County's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, I identified a deficiency in internal control over financial reporting that I consider to be a material weakness.

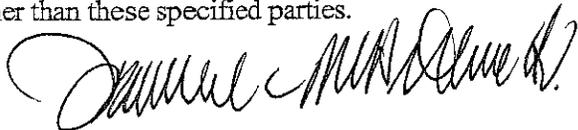

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. I consider the deficiency described in the accompanying schedule of findings and questioned costs to be a material weakness. See finding 2012-01.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's response to the finding identified in my audit is described in the accompanying schedule of findings and questioned costs. I did not audit the County's response and, accordingly, I express no opinion on it.

This report is intended solely for the information and use of management, the County Commissioners, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Honorable Board of County Commissioners
Lincoln County, Nevada
Pioche, Nevada

Compliance

I have audited Lincoln County, Nevada's (the County) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2012. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Lincoln County, Nevada's management. My responsibility is to express an opinion on the County's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of the County's compliance with those requirements.

In my opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

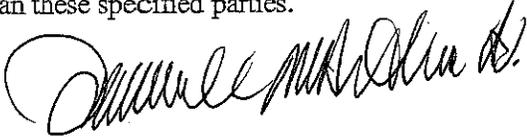

Internal Control Over Compliance

Management of Lincoln County, Nevada (the County) is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing my audit, I considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the County Commissioners, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "Dennis M. ...". The signature is written in a cursive style and is positioned above the typed name and date.

FINANCIAL STATEMENT FINDINGS

2012-01 Lack of ability to independently prepare financial statements and related footnote disclosures

Condition: As is common for small companies across the country, the County does not possess the ability to independently prepare financial statements and related footnote disclosures in accordance with generally accepted accounting principles (GAAP).

Criteria: Inherent in an adequate internal control structure is the ability to independently prepare financial statements and related footnote disclosures in accordance with generally accepted accounting principles.

Effect: The lack of this ability may result in the remote likelihood that a misstatement of the financial statement will not be prevented or detected by the County's internal control.

Recommendation: It is suggested the County arrange for sufficient training of accounting personnel in order to provide them with the expertise necessary to prepare financial statements and related footnote disclosures in accordance with generally accepted accounting principles.

County Response: The County believes that the benefit would be outweighed by the cost of training their accounting personnel to prepare financial statements and related footnote disclosures in accordance with generally accepted accounting principles. They have requested that the auditors assist in drafting the financial statements and related footnote disclosure during the course of the audit. They have reviewed, approved and accepted responsibility for those financial statements prior to their issuance.

FINDINGS AND QUESTIONED COSTS-MAJOR FEDERAL AWARDS PROGRAMS
