#4-STATUS REPORT

Jean Lucht reported she attended the immunization conference in November. They're pushing hard for DTAP to be given to everyone. The older people haven't enough immunization and they sometimes give their grandchildren diphtheria and/or pertussis. They're encouraging adults to get immunized at least once as an adult. It's still flu season and we are entering the worst part. The conference was really good. The current numbers of flu in LC are status quo, equal to the amount we had last year. We are entering the wettest portion of the season and this seems to bring the flu in and make it worse.

#5- PUBLIC COMMENT

Jean called for public comment. None offered.

#6-ADJOURN

There being no further business for the Board to attend, Jean adjourned the meeting at 10:17 a.m.
